

## Important Notice!

### Regarding changes to the Debt Retirement Charge (DRC)

Effective January 1, 2016, all electricity users with a residential-rate class account **will be exempt** from the Debt Retirement Charge (DRC).

Non-residential customers (general service-rate class) that provide electricity to one or more “eligible residential units” will also be eligible for a DRC exemption up to 1,500 kWh per month multiplied by the number of eligible residential units stated in a declaration form. To claim the DRC exemption, these customers must complete Orillia Power’s Self-Declaration Form as soon as possible. The start of the exemption depends on when the notice is received by Orillia Power. For information on the Self-Declaration Form, call our Customer Service Department at 705-326-7315 (option 3) or email us at [info@orilliapower.ca](mailto:info@orilliapower.ca).

Please visit [ontario.ca/drc](http://ontario.ca/drc) for more information on the DRC exemption and the responsibilities of DRC collectors with respect to this exemption or call the Ministry of Finance at 1 866 ONT-TAXS (1 866 668-8297) or 1 800 263-7776 teletypewriter (TTY).
